

## Features & Benefits

- ✘ Suitable for Gigabit Ethernet applications
- ✘ Manufactured in the UK
- ✘ Shallow design requires minimal back-box depth
- ✘ Interchangeable with all other Connectix modules and 1/4 blanks
- ✘ Four styles of faceplates available
- ✘ Individually QA tested
- ✘ Also available as PABX secondary or full master voice module

## Ordering Information

Product Description	Part Number
Enhanced Category 5 Compact UTP RJ45 Module	008-001-001-09
Compact PABX Phone Module	008-001-001-17
Compact Secondary Phone Module	008-001-001-18
Compact Full Master Phone Module	008-001-001-19
Compact Single Gang Faceplate	008-001-002-06
Compact Dual Gang Faceplate	008-001-003-06
Elite Compact Single Gang Faceplate	008-001-002-02
1/4 Blank	008-001-004-05

## Specification

Width	25mm
Depth	21.5mm
Height	50mm
Faceplate Depth	9mm
Back-box Depth	Minimum 15mm recommended
Mounting Hole Size	25.4mm x 47.8mm
Material	Polycarbonate/ABS thermoplastic resin, with grade UL94 V0 at 1.5mm flame retardancy
Finish	High gloss
IDC Labels	Individual colour coded labels to EIA 258A/568B
IDC Blocks	4 Way Industry Standard IDC blocks
PCB	1.6mm double sided PTH boards
Conforms to	TIA/EIA-568-B Enhanced Category 5 specification

The Enhanced Category 5 compact module is designed to provide one of the shallowest wall outlets on the market. They are the ideal solution wherever back-box depth is a problem.

The attractive high gloss finish and easy to use labelling system are identical to all other Connectix Cabling Systems Modules, making them interchangeable in most applications.

Enhanced Category 5 Compact modules can be fitted into Single or Dual gang faceplates and can be combined with quarter blanks and/or voice modules to provide the required configuration.

Enhanced Category 5 Compact modules offer extended PowerSum characteristics and exceed the TIA/EIA-568-B specifications. When combined with Enhanced Category 5 patch Panels and UTP cable the link will perform well in excess of the Enhanced Category 5 specification.

This product is also available in various voice configurations.

Elite Faceplates
