

Through Coupler Panel

Features & Benefits

- ✘ High Density, 24 ports in 1U
- ✘ Enhanced Category 5 System Performance
- ✘ Custom Logo service available
- ✘ Accepts Connectix Cable Tidy Rings
- ✘ Available in a range of colours
- ✘ RJ45 to RJ45 connection

Offering Enhanced Category 5 System Performance, these Through Coupler Panels feature 24 ports in 1U. They offer the perfect solution when a panel mounted high performance, high-density plug-to-plug connection is required.

Designed to match the other panels in the Connectix range they will accept the Connectix Cable Tidy Rings ensuring the available rack space is used to the full.

Like all Connectix panels, the Through Coupler Panel is available in a wide range of different colours.

A customised badging service is available.
