

## Features & Benefits

- ✘ Suitable for Gigabit Ethernet applications
- ✘ Manufactured in the UK
- ✘ Unique colour coded saddle allows quick and accurate terminations
- ✘ Top quality sockets
- ✘ Interchangeable with all other Category 5 modules and 1/4 blanks
- ✘ Easy to use drain wire connection
- ✘ Individually QA tested

## Ordering Information

Product Description	Part Number
Enhanced Category 5 RJ45 FTP Module	008-002-001-00
Standard Single Gang Faceplate	008-001-002-05
Standard Dual Gang Faceplate	008-001-003-05
Elite Standard Single Gang Faceplate	008-001-002-01
Elite Standard Dual Gang Faceplate	008-001-003-02
1/4 Blank	008-001-004-05

Enhanced Category 5 FTP modules offer exceptional performance for high speed LANs including Gigabit Ethernet Applications, with the added benefit of offering a shielded design. Optimum transmission has been achieved by incorporating the highest quality components and innovative on-board compensation techniques.

## Specification

Width	25mm
Depth	34.5mm
Height	50mm
Faceplate Depth	15mm
Back-box Depth	Minimum 24mm recommended
Mounting Hole Size	25.40mm x 47.80mm
Material	Polycarbonate/ABS thermoplastic resin, with grade UL94 VO at 1.5mm flame retardancy
Finish	High gloss
IDC Labels	Individual colour coded labels to EIA 258A/568B
Cable Guide	Individual cable saddles with cable tie position for left or right cable entry
Sockets	Shielded vertical jacks
IDC Blocks	Industry Standard IDC blocks
PCB	1.6mm double sided PTH boards
Conforms to	TIA/EIA-568-B Enhanced Category 5 Specification

The attractive high gloss finish and easy to use labelling system make them popular with both installers and end users alike. Installation is made easy with the unique colour coded cable saddle and the simple to use drain wire connection.

Enhanced Category 5 FTP modules can be fitted into Single or Dual Category 5 faceplates and can be combined with quarter blanks and/or voice modules to provide the required configuration.

Enhanced Category 5 FTP modules offer extended PowerSum characteristics and exceed the TIA/EIA-568-B specifications. When combined with Enhanced Category 5 FTP patch Panels and FTP cable the link will perform well in excess of the Enhanced Category 5 specification.

Elite Faceplates
