

Mini Networking Equipment

Features & Benefits

- ✘ Complete range of patching equipment and Ethernet electronics
- ✘ Designed to fit the Connectix Office System Cabinet
- ✘ Fast Ethernet compliant - Gigabit ready
- ✘ Extensive range of accessories available
- ✘ Options available to suit individual networking requirements
- ✘ All products are quality tested in the UK

An extensive range of networking equipment is available to fit in the Connectix Office System cabinet, providing Data, Voice and ISDN connections. Products in the range include UTP patch panels, fibre panels, voice and ISDN panels and Ethernet hubs and switches.

Accessories such as shelves, blank panels, cable tidy panels and brush strip panels are also available. With such a wide selection of products the user has the flexibility to grow and develop the system as required.

The Connectix Office System is a complete networking package, designed for smaller networks in both the office and home.

Specification

| | |
|--------------------------|---|
| 10" Modular Panel | |
| Width | 10" (260mm) |
| Depth | 140mm |
| Height | 1U (44mm) |
| Material | Aluminium alloy 6063 HE9/50s to BS1474 |
| Finish | Matt black polyester paint |
| Socket Labels | 9mm numbered card with acetate cover |
| Cable Management | Improved cabling facility with individual cable tie positions to give controlled cable bending and access for left or right cable entry |
| Capacity | Any 3 modules or blanks (up to 12 way) |

Ordering Information

| Product Description | Part Number |
|--|----------------|
| 12 Port RJ45 Enhanced Cat 5 RJ45 Panel | 009-001-016-00 |
| 10" Unloaded Modular Panel | 009-001-040-00 |
| 4 Port RJ45 Enhanced Cat 5 Module | 009-001-040-05 |
| 4 Port ST Module | 009-001-040-08 |
| 2 Port SC Module | 009-001-040-09 |
| 4 Port ISDN Module | 009-001-040-06 |
| 4 Port ISDN + 4 Port Phone Panel | 009-001-017-00 |
| Blank Module | 009-001-040-10 |
| Networkr VW 5 Port Switch | 010-100-100-05 |

Specification

| | |
|------------------------------------|--|
| 12 Way RJ45 Panel | |
| Width | 10" (260mm) |
| Depth | 35mm |
| Height | 1U (44mm) |
| Finish | High gloss |
| Socket Labels | Black powder coat to BS6496 |
| IDC Label | Individual colour coded labels to EIA258A/568B |
| Cable Guide | Individual cable saddles with cable tie position for left or right cable entry |
| Sockets | RJ45 vertical jacks |
| IDC Blocks | 4 way Industry Standard IDC blocks |
| PCB | 4 way modular identical 1.6mm double – sided PTH boards |
| Conforms to | EIA/TIA-568-B Enhanced Category 5 Specification |
| 4 way Enhanced Net 5 Module | |
| IDC Labels | Colour coded to EIA 258A/568B |
| IDC Blocks | Industry Standard 4 way IDC's |
| Conforms to | TIA/EIA-568-B Enhanced Category 5 specification |
| Fibre Modules | |
| Connector Options | 4 way ST or 2 way SC |
| Overall Depth | 460mm |
| Gland Hole Size | 21mm |
