

# Lockable Wall Mounted Enclosure

## Features & Benefits

- ✘ High quality welded steel construction
- ✘ Two doors with different locks
- ✘ Internal panels available for ST, SC, FC, SC Duplex, FDDI and ESCON
- ✘ Supplied unloaded or loaded with adaptors
- ✘ Four cable entry knock-outs on top and bottom
- ✘ Patchcord exit from top or bottom
- ✘ Custom colour and silk screen service
- ✘ Fibre management kits available

The Optix Locking Wall Box provides an ideal solution for secure patching in any location where a cabinet or other suitable enclosure is not available.

Manufactured from 1.5mm mild steel, the enclosure features two doors with different locks and an interchangeable internal panel which is available for a wide range of adaptor types. Cable entry and patchcord exit is from the top or the bottom of the unit. Four knock-outs are provided (top and bottom) to suit common cable gland sizes.

The enclosure can be supplied loaded or unloaded and with optional fibre/splice management kits.
