

Wall Mounting Cabinets

Features & Benefits

- ✘ Manufactured in the UK
- ✘ Supplied fully assembled
- ✘ Ideal for smaller office environments
- ✘ Adjustable mounting posts
- ✘ Lockable perspex door
- ✘ Cable access gland in top and base

The compact design of the Rax 19" wall mounting cabinets makes them ideal for smaller networks and workgroups. The wall units can be situated above work areas to allow more room for standing equipment.

The cabinets are available in various configurations and are supplied fully assembled. Each cabinet comprises a welded steel frame and two 19" adjustable front and rear mounting posts. A gland plate is situated in the top and bottom and the cabinets feature ventilation slots in both side panels.

Each cabinet has a lockable inset perspex front door, with steel doors optional. The cabinet frameworks are finished goose grey.

Two Part Wall Mounting cabinets incorporate many of the standard wall mounting cabinet features and when divided they allow maximum access to the internal equipment for convenient cable management.
